The goal of our office is to enable patients to gain control of their health. To attain this, we believe communication is key. Please read the below and if you have any questions, please ask one of our staff members.

Informed Consent

A patient, coming into the Chiropractor Doctor, gives the doctor permission and authority to care for the patient in accordance with the chiropractic tests, diagnosis, and analysis. The chiropractor adjustment or other clinical procedures are usually beneficial and seldom cause any problems. In rare cases, underlying physical defects, deformities, or pathologies may render the patient susceptible to injury. The doctor, of course, will not give any treatment if he is aware that such care may be contra-indicated. It is the responsibility of the patient to make it known, or to learn through healthcare procedures what he/she is suffering from; latent pathological defects, illnesses, or deformities which would otherwise not come to the attention of the chiropractor physician. The chiropractic doctor provides a specialized, non-duplicating health care service. Your Doctor of Chiropractic is licensed in a special practice and is available to work with other types of providers in your health care regimen. I understand that if I am accepted as a patient at Byers Chiropractic Center, I am authorizing them to proceed with any treatment that they are deem necessary. Furthermore, any risk involved regarding chiropractic treatment will be explained to me upon my request.

For Minors

ATTENTION PATIENTS:

During most New Patient initial visits, I will take a history, perform a physical Exam and take a diagnostic X-Ray film. I will always provide an initial read of the film. In most cases a second opinion would be helpful to re-confirm my initial diagnosis. In order to provide a complete treatment plan, I am recommending the second opinion be read by a Board Certified Chiropractic Radiologist. Your films will be forwarded to Dr. Gregerson for a second opinion if I feel necessary.

I thank you for your understanding in this matter.
